

**IMPORTANT!! PLEASE READ ENTIRE INSTRUCTION SHEET BEFORE ASSEMBLY!!  
TO EXPEDITE ANY FUTURE WARRANTY CLAIMS, PLEASE KEEP INSTRUCTION SHEET, WARRANTY CARD AND RECEIPT**

**Step 1:** Identify all parts packed in carton against the parts list. Remove all protective materials. Place parts on a non-abrasive surface to avoid scratching. If you are missing any parts or are unsure how to proceed with assembly, please call our Customer Service Center immediately at 1-800-325-2315. **Do not attempt to assemble the chair if any parts are damaged or missing.**

**IMPORTANT NOTE: WE RECOMMEND TWO PEOPLE WORK TOGETHER TO ASSEMBLE THE CHAIR.**

**Step 2:** Position the swivel base on a flat, solid surface. Make sure the swivel plate is positioned all the way into the base. It may have vibrated out during shipment. The two sets of holes in the swivel plate should be facing away from you.

**Step 3:** Note the arrows on both the swivel plate and the "U" bar portion of the chair frame. Position the chair frame onto the swivel plate so that the two pairs of holes in the "U" bar are exactly aligned with the two pairs of holes in the swivel plate and the arrows on both the "U" bar and swivel plate are pointing in the same direction. Proper positioning of the chair frame on the swivel plate/swivel base assembly, and proper alignment of the holes in the "U" bar with the holes in the swivel plate are critical to the safe, well balanced swiveling motion of the chair.

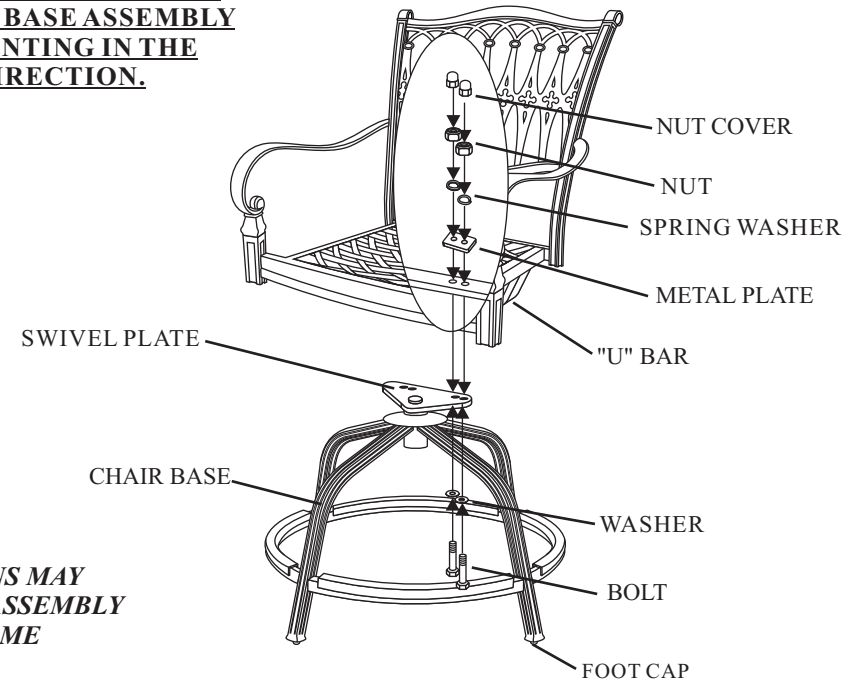

**Step 4:** Carefully examine the diagram. Attach a metal plate to the "U" bar (located at the bottom of the chair frame), guide the bolts and washers from the bottom of the swivel plate to the "U" bar and into the pair of holes in the metal plate. From the top of the metal plate, add spring washer and the nut to the end of each bolt. Hand tighten 3-4 revolutions only. Repeat procedure for pair of holes on the opposite side. Again, hand tighten nuts 3-4 revolutions only. Do not tighten nuts completely.

**Step 5:** At this time tighten all nuts and bolts with the hex wrenches provided. **Do not over tighten.** Over tightening may strip the bolts and cause damage to the swivel plate, making the chair unsafe. Cover nut with nut covers.

**Step 6:** Your chair should now be ready for use. If you do not feel that your chair is swiveling properly, double-check your assembly procedure, especially step 4. If you have any questions, please call our Customer Service Center at 1-800-416-3511

**IMPORTANT NOTE: Damage to welds or frames resulting from over tightened bolts or improper assembly is not covered under our warranty. Please read all instructions carefully before assembly. If you have any questions regarding your assembly, call our Customer Service Center at 1-800-325-2315.**

**NOTE: MAKE SURE ARROWS ON BOTH THE "U" BAR AND SWIVEL BASE ASSEMBLY ARE POINTING IN THE SAME DIRECTION.**

**SEAT DESIGNS MAY VARY BUT THE ASSEMBLY IS THE SAME**

## CARE AND MAINTENANCE

### **FRAMES**

*Cleaning* - Use mild soap and warm water. Do not use abrasive materials, cleansers or bleach products. Rinse with clean water and dry thoroughly.

*Maintenance* - Periodically clean and dry thoroughly. Be sure to drain any water accumulated inside the frames. To thoroughly drain frames, remove foot caps and tilt the frames, if necessary, to remove all water. This is critical. Water allowed to accumulate inside the frames and then exposed to sub-freezing temperatures can cause damage to the frame tubing. Such damage is not covered under warranty. Always clean, drain and dry thoroughly before storing for the winter. For best results, always store or cover your furniture when not in use. We recommend commercially available outdoor furniture covers. Any small nicks or scratches can be covered with a light application of touch-up paint.

\*\* When cleaning or moving large or heavy items, always have two people work together. Never drag furniture.

### **FABRICS (CUSHIONS/SLINGS)**

*Cleaning* - Wipe minor spills immediately. Clean with mild soap, warm clean water and soft cloth. Do not use abrasive materials, cleansers or bleach products. Although fabric has been treated to resist stains, occasional use of commercially available fabric cleaners may be necessary. Follow manufacturer's instructions.

*Maintenance* - The best way to maintain the beauty of cushions and slings is to store them in a dry area and out of the elements when not in use or cover with commercially available outdoor furniture covers.

### **STRAPS**

*Cleaning* - Wash frequently with mild soap, warm water and a soft cloth. Rinse thoroughly with warm, clean water. Do not use abrasive materials, cleansers or bleach products.

*Maintenance* - Periodic application of commercially available vinyl cleaners and vinyl protectors will enhance the look and prolong the life of straps. If your strap chair has cushions, make sure any vinyl protectors applied are completely dry before placing cushion back on the chair.
